

SERIES 600

LEVER CHAIN HOISTS "PALFER JAGUAR"

The 600 series lever chain hoists "PALFER JAGUAR" is the ideal tool for working in small spaces where versatility and efficiency have an edge over other.

Thanks to its smaller size with a shorter and robust lever it is ideal for use in spaces where other similar devices fit with difficulty.

The "Palfer JAGUAR" 600 series light hoists come with a bag that makes them easier to transport and for storage later on.

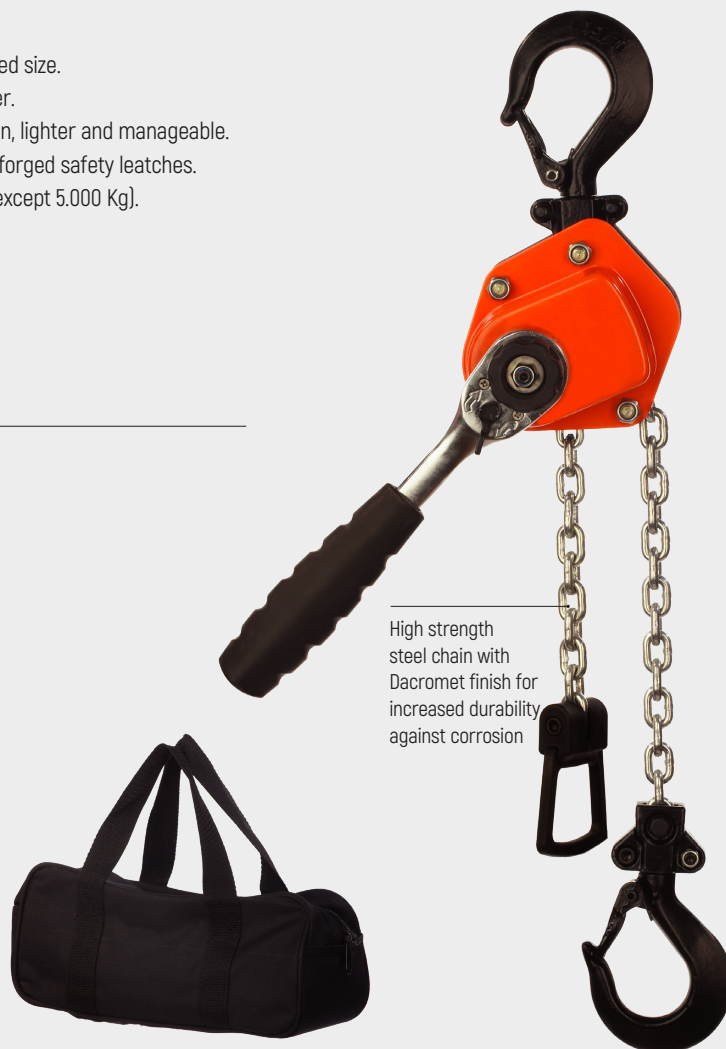

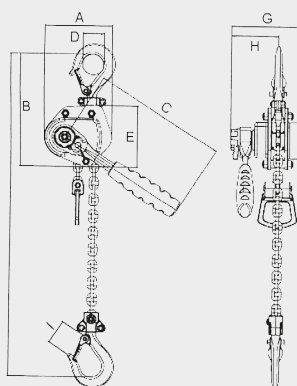

Features:

- More reduced size.
- Smaller lever.
- Ø retail chain, lighter and manageable.
- Hooks with forged safety leashes.
- Carry bag (except 5.000 Kg).

CAPACITIES:

0,75 - 1,5 - 2,5 - 5 TON.

0.75 - 1.5 - 2.5 - 5 TON

High strength steel chain with Dacromet finish for increased durability against corrosion
